

**Please join us for our GeoWeek Launch event on Zoom:
Thursday 29th April, 19.00 – 20.30**

Our GeoWeek 2021 theme is '[Net zero by 2050](#) – what will it mean for your region?' The virtual launch event will begin with a presentation by the Director of the British Geological Survey, Karen Hanghøj, followed by a panel discussion of eminent scientists on the 'net zero' topic. You can join the discussion by using the chat to ask the panel questions.

Register in advance for this event at:

https://us02web.zoom.us/meeting/register/tZlqceqpgzlpEtIMli2juE_BKKtJ9mmOx-eh

After registering, you will receive a confirmation email containing information about how to join us.

[GeoWeek](#) may not be all we had wished for this year, but nevertheless we are planning a series of virtual and self-led events that you can find by consulting the [GeoWeek event map](#) to see what is happening in your area, or virtually anywhere!

<https://earth-science.org.uk/geoweeek/find-event/>

GeoWeek activities will be taking place across the UK between 1-9 May 2021.
