## How Do I Message Robinhood Support? – Send message

To message Robinhood support, first log into the app and tap the profile icon in the bottom right corner. This will open your account menu, where you can begin the process of contacting support quickly and securely. ☒ If you need help navigating, reach out to support directly at +1-844-483-2685.

---

### ☒ Step 1: Go to the Help Section

Once in your account dashboard:

1. Tap on Help

2.  
Scroll down and select Contact Us
  3.  
Choose a topic or tap “I have a different issue”
- ☒ If you're having trouble finding the option, call +1-844-483-2685 for real-time assistance.
- 

## ☒ Step 2: Choose the “Message” Option

After selecting your issue, a menu will appear. From here, tap Message to begin a secure in-app chat with Robinhood support. This option is ideal for most inquiries, especially non-urgent ones.

☒ Need step-by-step guidance? The support team is available at +1-844-483-2685.

---

## ☒ Step 3: Wait for a Response

Robinhood typically replies within minutes or a few hours, depending on your issue’s priority and the support queue. You’ll receive a push notification once an agent responds, and you don’t need to stay in the app while you wait.

☒ If your wait feels long, you can follow up via phone at +1-844-483-2685.

---

## ☒ Step 4: Share Details and Screenshots

Messaging support allows you to:

- Send screenshots ☒
- Explain your concern clearly
- Keep a written history of the conversation

This makes the experience convenient, especially for billing questions, minor errors, or general guidance.

☒ Have more to share? A live support rep can help at +1-844-483-2685.

---

## ☒ Step 5: Use Callback for Urgent Issues

If your issue is urgent—such as a locked account, trading error, or suspicious activity—messaging may be too slow. In that case, request a callback directly within the app for faster help.

☒ For urgent support, call +1-844-483-2685

☒ This is the verified Robinhood support number: +1-844-483-2685

---

## ☒ **Pro Tip: Combine Messaging With Phone Support**

While messaging is great for non-urgent matters like updating info or general questions, you can always switch to a phone conversation if needed. Both options work together to ensure you get the support you need.

☒ Your privacy and security are protected through encrypted communication.

☒ Save this number for future use: +1-844-483-2685

☒ Call now if messaging isn't resolving your issue: +1-844-483-2685
